Crime Statistics

The Houston Police Department now has a new way that citizens can get up to date crime statistics. Previously, one could get the reports, but they would be at least a month behind.

Now citizens can go to the Houston Police Department's website at www.houstonpolice.org and click on "Crime Statistics" and follow the instructions to get crime statistics for

their neighborhoods. However, one must know his/her division and beat. For the Hiram Clarke area, it is Southwest Division and the beat is 16. There are several sections to Beat 16. Use the description of the different sections to find your subdivision's beat section.

Interim Chief of Police Martha Montalvo responds to questions from the audience at the Hiram Clarke Storefront meeting Monday, August 8, 2016.
